ENVIRONMENTAL RESPONSIBILITY

We recognise our responsibility to consider all aspects of our manufacturing processes in terms of environmental impact. We are committed to continually improving the ways in which we can protect the environment, including the reduction of pollution and waste.

ZERO TO LANDFILL.

Our recovery and recycling initiatives cover 90% of the waste we produce and the remaining 10% is processed as waste to energy (WTE).

MEMBERS OF (FISP)

We are full members of the Furniture Industry Sustainability Program (FISP) and this enables us to focus on reducing our social and environmental impact.

BS EN ISO 14001:2015 ENVIRONMENTAL MANAGEMENT SYSTEM

We measure and assess our efforts through our integrated management system by setting clear objectives for improvement, implementing a management programme and conducting regular reviews for continual improvement.

EMS515183

WASTE MANAGEMENT

The waste that we produce is segregated into individual streams and collected by a waste management company that manages the recycling.

10% is processed as Waste to Energy (WTE).

FOREST STEWARDSHIP COUNCIL® (FSC®)

Our Chain of Custody certification (COC) with the Forest Stewardship Council® (FSC®) represents the unbroken path that certified products take: from the well managed forests of origin to the consumer.

This certification, combined with our efforts to reduce carbon emissions via various recycling initiatives, transportation and our investment in solar power, are all part of our ongoing commitment to work towards a more sustainable and greener future.

WORK **INMOTION**
FEEL THE DIFFERENCE

It's not whether you sit or stand,
it's all about being InMotion

We all know that to make a difference to our general health and wellbeing we need to keep moving. With a sit stand desk even 10 minutes of standing will bring benefits to your day, but aiming for 20-30 minutes in every hour is a great target to reach.

Varying your posture can increase blood circulation leading to improvements in concentration and productivity.

Increase Focus | Reduce Stress | Maintain Healthy Joints

The InMotion desk complements an active lifestyle to improve your overall health

Keep moving with an InMotion desk.

20/2 rule – every 20 minutes take an active break for 2 minutes.

Exercise for at least 150 minutes a week.

ILOA STOOLS
See **page 142** for our Iloa stool, the perfect flexible companion for InMotion

SIT UP
Correct posture is as important as movement. See **page 132** for our full range of ergonomic task chairs.

IN**MOTION** ELECTRIC

An ideal solution to bring wellbeing to the workplace, our InMotion sit stand desks come in single or back to back versions to make the most of your project space. Whether a full installation, or to complement existing furniture, InMotion will add style and movement.

ERGONOMIC
SEATING

50 million
working days are lost in the UK each year.

£5 billion per year
The estimated cost of sickness absence in the UK economy.

75% of the working population in the UK
spend more than 6 hours per day in a chair.

The second largest cause of office absence in Europe
is lower back pain.

The largest cause of disability for workers under the age of 45
is lower back pain.

40% of the UK population
are affected by back pain.

Estimates show that for **each person off sick with back pain, 13 others will suffer in silence**

"All the above information points towards the necessity for seating that offers adequate, variable and flexible support which can be adjusted sufficiently to suit the majority of the workforce."
