## WE CARE ABOUT THE ENVIRONMENT

---

We recognise our responsibility to consider all aspects of our manufacturing processes in terms of environmental impact. We are committed to continually improving the ways in which we can protect the environment, including the reduction of pollution and waste.

### Zero to landfill.

Zero to landfill. Our recovery and recycling initiatives cover 90% of the waste we produce and the remaining 10% is processed as waste to energy (WTE).

### BS EN ISO 14001:2015 Environmental Management System

We measure and assess our efforts through our integrated management system by setting clear objectives for improvement, implementing a management programme and conducting regular reviews for continual improvement.

### Members of (FISP)

We are full members of the Furniture Industry Sustainability Program (FISP) and this enables us to focus on reducing our social and environmental impact.

### Forest Stewardship Council®

#### TT-COC-003072

Our Chain of Custody certification (COC) with the Forest Stewardship Council® (FSC®) represents the unbroken path that certified products take: from the well managed forests of origin to the consumer.

This certification, combined with our efforts to reduce carbon emissions via various recycling initiatives, transportation and our investment in solar power, are all part of our ongoing commitment to work towards a more sustainable and greener future.

### Waste Management

The waste that we produce is segregated into individual streams and collected by a waste management company that manages the recycling.

10% is processed as Waste to Energy (WTE).

Front cover features our Duty rectangular desk with pedestal supporting leg and modesty panel.  
Back cover features our Spire circular table and new Lingwood chairs.
