

LEE & PLUMPTON

Inspiration At Work

HOME WORKING COLLECTION

DESIGN | QUALITY | SERVICE

From living rooms or study to spaces anywhere in the home, we offer an extensive selection of high quality furniture to provide practical, and ergonomic homeworking solutions.

Unlike a number of 'High Street' ranges, our home office furniture is designed to comply with commercial, contract standards. All products are rigid and robust providing a 'safe' workstation which will withstand the rigours of daily life.

We understand that value for money is a very important consideration for everyone, but we believe it should never come at the expense of quality. That's why we're proud to say that our Quality Management System (QMS) is certified to BS EN ISO 9001:2015 and we offer a 7 year guarantee on all products, unless specified.

To place an order or find out more, call your account manager or a member of our customer service team on **01953 453830** or email **sales@leeandplumpton.co.uk**. If you need a tailored solution, we are also able to meet individual needs through our dedicated bespoke design service.

leeandplumpton.co.uk

@LEEANDPLUMPTON

CREATE YOUR OFFICE

A practical desk

We have included a selection of desks from our extensive portfolio which are ideal for the home office. Each range offers a choice of aesthetic design styles as well as a choice of standard finishes to reflect your personal taste and interiors. Practical options include cable management and desk mounted power & data.

A healthy chair

Sitting comfortably with good posture are essential requirements for home working. We have included task chairs which are suitable for home office environments offering stylish design with beneficial ergonomic support.

All gas lift mechanisms are suitable for users up to 150kg. Robustly built, our chairs include a 5 year guarantee (2 year guarantee on moving parts).

Perhaps some storage?

Storage options are designed to complement our desk solutions. Our range includes underdesk pedestals, filing cabinets as well as standalone cupboards – ideal for storing IT equipment when not in use. Once again, all products are manufactured to contract standards and include a 7 year guarantee.

ASCEND

Retro design styling with a modern twist, Ascend is available in a choice of configurations to create modern learning spaces.

INHOUSE EXPERTISE

Sales & Customer Support

We know relationships are important. Our nationwide sales team offers 'face to face' meetings to provide expert support, advice and guidance as well as facilitating access to our extensive inhouse services including customised marketing materials, product samples and collaborative events.

Every order is carefully monitored and tracked by our customer services team. Fully trained advisors provide a dedicated point of contact to manage queries and requests as well as full after-sales support.

Bespoke Design

Unlike many manufacturers, we are able to develop customised solutions to match each client's precise requirements. With its own production unit and dedicated team, our Bespoke department can design and manufacture products from original 'sketches' or develop existing range items to customised specifications.

Your dedicated account manager, together with a member of the Bespoke team, will work with you to develop a solution to match your requirement and budget.

A COMMITMENT TO QUALITY

Continuous investment in facilities and training, coupled with a dedicated workforce and strong supplier relationships, ensures the quality, consistency and reliability our customers expect. The management and measurement of our internal processes and procedures drives our quest for development and improvement and, therefore, ongoing customer satisfaction.

Copies of our credentials and certifications are available at www.leeandplumpton.co.uk
